Independent Auditors' Report

To the Members of the
Sumner County Board of Education
Gallatin, Tennessee

Report on the Financial Statements

We have audited the accompanying combining balance sheet - regulatory basis of the Sumner County Board of Education Internal School Funds (the Funds) as of June 30, 2020, the related combining statement of revenues, expenditures and changes in fund balances - regulatory basis for the year then ended, and the related notes to the financial statements, which collectively comprise the Funds' basic financial statements, as listed in the table of contents. We have also audited the individual school balance sheets - regulatory basis, and the individual school statements of revenues, expenditures and changes in fund balances - regulatory basis presented as supplementary information in the accompanying individual school financial statements as of and for the year ended June 30, 2020, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the *Tennessee Internal School Uniform Accounting Policy Manual*, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Funds on the basis of the financial reporting provisions of the *Tennessee Internal School Uniform Accounting Policy Manual*, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of Tennessee. The effects on the

financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Sumner County Board of Education Internal School Funds as of June 30, 2020, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the combining financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities, and fund balances of the Funds as of June 30, 2020, and the related revenues, expenditures, and changes in fund balances for the year then ended, in accordance with the financial reporting provisions of the *Tennessee Internal School Uniform Accounting Policy Manual* described in Note 1. In addition, in our opinion, the individual school financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities, and fund balances of the Sumner County Board of Education Internal School Funds as of June 30, 2020, and the related revenues, expenditures, and changes in fund balances for the year then ended, in accordance with the financial reporting provisions of the *Tennessee Internal School Uniform Accounting Policy Manual* described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the combining financial statements - regulatory basis that collectively comprise the Funds' basic financial statements. In addition, our audit was conducted for the purpose of forming an opinion on the individual school financial statements - regulatory basis, presented as supplementary information. The Directory of Officials, Schedule of Salary Supplements, Schedule of Fidelity Bond Coverage, and Management's Corrective Action Plan, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements - regulatory basis of the schools. As described in Note 1 of the financial statements, the supplementary schedules, as listed in the table of contents, are prepared by the Funds on the basis of the financial reporting provisions of the *Tennessee Internal School Uniform Accounting Policy Manual*, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The Schedule of Interfund and Interaccount Transfers - By School is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements - regulatory basis. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements - regulatory basis or to the basic financial statements - regulatory basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Interfund and Interaccount Transfers - By School is fairly stated, in all material respects, in relation to the basic financial statements - regulatory basis as a whole.

The Directory of Officials, Schedule of Salary Supplements, Schedule of Fidelity Bond Coverage, and Management's Corrective Action Plan have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2020 on our consideration of the Funds' internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Funds' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Funds' internal control over financial reporting and compliance.

Sumner County Board of Education – Internal School Funds
Notes to the Financial Statements
For the Year Ended June 30, 2020

Background

Section 49-2-110, *Tennessee Code Annotated*, provides for internal school funds, establishes responsibility for those funds, and requires schools to adopt and follow a uniform accounting manual.

Note 1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

This report includes only the internal school funds of the Sumner County Board of Education (the Funds). Internal school funds consist of financial resources accounted for at the individual schools.

Internal School Funds

Internal school funds reported in the accompanying financial statements include donations and grants made to the individual schools; fees collected by schools; funds received from the local board of education; funds raised through cooperative agreements; rental fees; and student activity funds.

Student Activity Funds

Student activity funds include all money received from any source for school-sponsored student activities or school-sponsored events held at or in connection with a school, and specifically include, but are not limited to, funds:

- Derived from a school-sponsored academic, art, athletic, or social event involving students;
- Raised by school-sponsored clubs involving students;
- Raised by school-sponsored fundraisers involving students who are under the supervision of a school employee;
- Received for a commission for the direct sale of items to students pursuant to a cooperative agreement between the school and an outside organization;
- Received for the direct sale of items to students from a school-run bookstore located on school grounds;
- Raised from fees charged to students;
- Obtained from interest from any account that contains student activity funds;
- Obtained from any related school-sponsored activity that involves the use of school personnel, students, and property during the school day.

B. Accounting Policy

The accounting and financial reporting requirements for internal school funds are set forth in the *Tennessee Internal School Uniform Accounting Policy Manual*, issued by the Tennessee Department of Education. The requirements established in the *Tennessee Internal School Uniform Accounting Policy Manual* differ from accounting principles generally accepted in the United States of America primarily in the presentation of the financial statements and restricted fund revenue and expenditure accounting and reporting. The following is a summary of the basic requirements of this regulatory basis of accounting.

The financial statements consist of balance sheets and statements of revenues, expenditures and changes in fund balances.

The combining financial statements present all of the individual schools in a sequential format and are required to be presented before the notes to the financial statements. These statements focus on each of the individual schools rather than the funds within the schools. In keeping with that focus, the row descriptions identify the individual schools rather than the funds.

The individual school financial statements present the detailed fund activity in each school and are included as supplementary information after the notes to the financial statements.

Sumner County Board of Education – Internal School Funds
Notes to the Financial Statements – Continued
For the Year Ended June 30, 2020

Note 1. Significant Accounting Policies – Continued

B. Accounting Policy – Continued

Revenues are classified by source and expenditures are classified by either function or object for the general fund but not the restricted fund. Revenues and expenditures of the restricted fund are recorded based on the specific group or activity which will benefit from or expend the funds. The activity in the restricted "accounts" is presented as total revenues and transfers in and total expenditures and transfers out for each account. A corresponding "fund balance" is presented for each account. Although the restricted fund is a single fund, each account within the fund must present its portion of the restricted fund balance. Transfers reported on the financial statements represent authorized movement of funds between restricted accounts as well as between the general fund and restricted fund.

C. Measurement Focus and Basis of Accounting

The accompanying financial statements are reported using the current financial resources measurement focus. Accordingly, only current assets and current liabilities are included on the balance sheets and the fund balances report only spendable resources. Internal school funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. Management policies define available as collectible within 60 days after the fiscal year end. Expenditures are generally recognized when the related fund liability is incurred, if measurable.

D. Fund Structure

The accounts of the individual school are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of the fund's assets, liabilities, fund equity, revenues, and expenditures. The funds are grouped in the accompanying financial statements as follows:

General Fund

The general fund is used to account for all money to be used for the general operation of the school or for the welfare of the student body. Revenues and expenditures in this fund are not restricted to any specific group or activity.

Restricted Fund

The restricted fund is used to account for money that is restricted for the use of a specific segment of the school population or legally restricted for a specific purpose and not intended to benefit the general school population.

E. Inventory

Inventories are valued at the lower of cost (first-in, first-out) or market value (net realizable value). The purchases method is used to account for inventories. Under the purchases method, inventories are reported as an expenditure when purchased (or when received for donated items) rather than being capitalized as an asset. However, significant amounts of inventory, if any, on hand at year-end are reported as an asset in the financial statements. In accordance with accounting principles generally accepted in the United States of America, the fair value of donated goods and supplies are recognized as revenues and expenditures in the financial statements. For the current year no significant amounts of such donations were received.

F. Fund Balance

Nonspendable Fund Balance

Fund balances reported as nonspendable in the accompanying financial statements represent amounts for inventory in the general fund.

Sumner County Board of Education – Internal School Funds
Notes to the Financial Statements – Continued
For the Year Ended June 30, 2020

Note 1. Significant Accounting Policies – Continued

F. Fund Balance – Continued

Restricted Fund Balance

Fund balances reported as restricted are the result of externally imposed restrictions placed upon certain resources accounted for in the restricted funds. This includes BEP (Basic Education Program) funds and grant funds.

When both restricted and unrestricted resources are available for use, it is the Funds' policy to use restricted resources first, then unrestricted resources as they are needed.

Assigned Fund Balance

Amounts that are constrained by each school's intent to be used for specific purposes are reflected as assigned in the accompanying financial statements. This includes accounts reported in the restricted fund at each school, except for those that account for externally restricted resources as described above. Inventory amounts for restricted accounts are reflected as assigned because the use of the proceeds from the sale of those inventories is assigned. Board of Education allocation amounts not spent by the end of the fiscal year are reflected as assigned in the general fund because the Board's intent is for those resources to be expended for instruction, administration, and/or operations and maintenance.

The Board of Education is authorized to assign amounts for specific purposes with respect to the amounts they allocate to the individual schools. The principal is the official authorized to assign all other amounts to a specific purpose. Authorization is established by the *Tennessee Internal School Uniform Accounting Policy Manual*.

Unassigned Fund Balance

In accordance with accounting principles generally accepted in the United States of America, the general fund is the only fund at each school that reports amounts for unassigned fund balance. This classification represents fund balance that is not restricted and has not been assigned to specific purposes within the general fund.

When both assigned and unassigned resources are available for use, it is the Funds' policy to use assigned resources first, then unassigned resources as they are needed.

The fund balance detail for the Funds is reflected on page 7. Additional detail is provided on the individual school financial statements.

Note 2. Deposits

Legal Provisions

All deposits with financial institutions in excess of Federal Deposit Insurance Corporation (FDIC) limits are required to be secured by one of two methods. Excess funds can be deposited with a financial institution(s) that participates in the State of Tennessee Bank Collateral Pool administered by the state treasurer. For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits.

Cash Deposits

Cash in bank represents funds on deposit in various depositories.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the school's deposits may not be returned to it. None of the school's deposits were exposed to custodial credit risk because all balances were entirely insured by the FDIC or through the Bank Collateral Pool with the State of Tennessee.

**Sumner County Board of Education – Internal School Funds
Notes to the Financial Statements – Continued
For the Year Ended June 30, 2020**

Note 3. Commitments

Individual schools lease copier equipment and make the monthly payments using internal school funds. All leases of this nature can be cancelled at any time; therefore, the internal school funds have no long-term obligations in connection with leases.

Note 4. Capital Assets

Capital assets acquired by the individual schools are recorded as expenditures at the time of purchase. Title and accountability for capital assets purchased pass automatically to the Board of Education.

Note 5. COVID-19

In March 2020, the World Health Organization declared the coronavirus outbreak to be a pandemic causing mandated closing of schools and an abrupt end to all extracurricular activities. Some activities normally carried out by the schools did not take place. Consequently, the revenue and expenditures of the internal school funds for the year ended June 30, 2020 may not be comparable to activities in other years. While it is unknown how long these conditions will last and what the complete financial effect will be to the internal school funds, management of the internal school funds continue to monitor the effects of the crisis.

Internal Control and Compliance

**Independent Auditors' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance With Government Auditing Standards**

To the Members of the
Sumner County Board of Education
Gallatin, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combining financial statements - regulatory basis of the Sumner County Board of Education Internal School Funds (the Funds) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Funds' basic financial statements. We also have audited the individual school financial statements - regulatory basis presented as supplementary information, as defined by the Governmental Accounting Standards Board, as of and for the year ended June 30, 2020. We have issued our report thereon dated December 18, 2020. The accompanying combining and individual school financial statements were prepared in conformity with the accounting practices prescribed by the *Tennessee Internal School Uniform Accounting Policy Manual*, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, we presume they are material.

Internal Control Over Financial Reporting

In planning and performing our audit of the combining and individual school financial statements - regulatory basis, we considered the Funds' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the combining and individual school financial statements - regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control. Accordingly, we do not express an opinion on the effectiveness of the Funds' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Funds' combining and individual school financial statements - regulatory basis are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as items 2020-001 and 2020-002.

Sumner County Board of Education's Response to Findings

The Sumner County Board of Education Internal School Funds' response to the findings identified in our audit is described in the accompanying corrective action plan. The Sumner County Board of Education Internal School Funds' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Blankenship CPA Group, PLLC

Blankenship CPA Group, PLLC
Goodlettsville, Tennessee
December 18, 2020

**Sumner County Board of Education – Internal School Funds
Schedule of Findings and Responses
June 30, 2020**

Compliance and Other Matters

2020-001 Collection Logs and Timely Deposits (Repeat of Prior Year Finding 2019-002)

Criteria: The *Tennessee Internal School Uniform Accounting Policy Manual* Section 5 Title 2 discloses proper procedures for cash receipting including procedures to be followed by any teacher receipting money and procedures to be followed by the bookkeepers including all money receipted should be deposited within three days of being collected.

Condition: Several collection logs were either incorrectly completed or not maintained by the teachers. Specifically, we noted collection logs were missing or some dates were missing on logs that were present. If individuals collecting money do not keep copies of documentation then amounts cannot be verified. If dates are missing on collection logs, then the three day deposit rule cannot be verified. Multiple funds received were not deposited within three days at various schools.

Cause: Teachers may need additional training related to the proper procedures to be followed when receipting funds especially if there has been turnover with the principal or bookkeeper.

Effect of Condition: Incomplete or missing backup documentation presents a risk for theft and misstated financial records.

Recommendation: We recommend the principals and internal auditors review Section 5 Title 2 of the *Tennessee Internal School Uniform Accounting Policy Manual* and ensure proper procedures are communicated, followed, and documented.

Response: See management's corrective action plan.

2020-002 Purchase Requests (Repeat of Prior Year Finding 2019-004)

Criteria: According to the *Tennessee Internal School Uniform Accounting Policy Manual* Section 5 Title 3, discloses proper procedures for cash disbursements including procedures to be followed by individual requesting the disbursement of funds and procedures to be followed by the bookkeepers.

Condition: Several schools issued purchase requests after the invoice date and several were not signed by the appropriate individual. If the purchase request is dated after the invoice date, then the purchase was not pre-approved and does not follow the procedures disclosed in the manual. Purchase requests may be signed by different individuals according to which fund is requesting the disbursement.

Cause: If purchase requests are not completed before the invoice date then purchases are made without verification that there are resources available for the appropriate disbursement. Also, if the appropriate individual does not approve the purchase request, then the purchase may not be appropriate for that fund.

Effect of Condition: Incomplete backup documentation presents a risk for theft and misstated financial records.

Recommendation: We recommend the principals and internal auditors review Section 5 Title 2 of the *Tennessee Internal School Uniform Accounting Policy Manual* and ensure proper procedures are communicated, followed, and documented.

Response: See management's corrective action plan.

**Sumner County Board of Education – Internal School Funds
Schedule of Prior Year Findings and Questioned Costs For the
Fiscal Year Ended June 30, 2020**

Financial Statement Findings

Finding Number	Finding Title	Status
2019-001	Prior Period Adjustment	Corrected
2019-002	Collection Logs and Timely Deposits	Repeated / 2020-001
2019-003	Internal Audit Investigations	Corrected
2019-004	Purchase Requests	Repeated / 2020-002

Management's Corrective Action Plan

For the Year Ended June 30, 2020

December 18, 2020

To the Comptroller of the Treasury
Division of Local Government Audit

The Sumner County Board of Education respectfully submits the following corrective action plan for the year ended June 30, 2020.

2020-001 Collection Logs and Timely Deposits

Management accepts the recommendation.

Corrective Action Taken

Internal audit will provide training for all principals, bookkeepers, and teachers to go over requirements listed in the *Tennessee Internal School Uniform Accounting Policy Manual* Section 5 Title 2 and ensure that all parties understand the responsibilities they have in the accounting cycle.

Anticipated Completion Date: June 30, 2021

2020-002 Purchase Requests

Management accepts the recommendation.

Corrective Action Taken

Internal audit will provide training for all principals, bookkeepers, and teachers to go over requirements listed in the *Tennessee Internal School Uniform Accounting Policy Manual* Section 5 Title 2 and ensure that all parties understand the responsibilities they have in the accounting cycle.

Anticipated Completion Date: June 30, 2021

Responsible Party: Dr. Del Phillips, Director of Schools

Sincerely,

Dr. Del Phillips
